

## **BUILDINGS ETIQUETTE**

*Please help us keep your rates down!*

*Our #1 Rule is “Do Unto Others” -- Thanks in advance!!*

**“Messses”** Our buildings are cleaned thoroughly once (or twice) a week depending on use. Between cleanings, we count on adults to “Do Unto Others” to clean up after themselves and their children. This method not only helps keep our overhead (*and your rates*) down; our guests & residents have a sense of pride in ‘shared ownership’ of facilities used by many others.

- ☺ Your help is much appreciated when you use the provided Alcohol Base Cleaner and paper towels to wipe down spills/drips/messes in bathroom, table top, window sills and washer/dryer surfaces.
- ☺ You’d be doing the next person a favor if you’d also empty the dryer screen and use the Alcohol Base and some paper towels to remove residue from grit, sand, lint, pet hair, etc. left in the washer(s).
- ☺ As showers are not cleaned after each use, we recommend wearing flip/flops and spraying with provided Lysol before use. The next person using the shower will appreciate your spraying shower after use with the provided daily ‘shower clean’.

*Please do let us know if we are short on supplies or if there is a particular problem that needs our attention! 903-569-5772*
